INDEPENDENT AUDITOR'S REPORT

To the Honorable Mayor and Town Council
Town of North, South Carolina

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, and the major funds of the Town of North, South Carolina, as of and for the year ended June 30, 2019, and the related notes to the financial statements, which collectively comprise the Town's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

INDEPENDENT AUDITOR'S REPORT
(continued)

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, business-type activities, and the major funds of the Town of North, South Carolina, as of June 30, 2019, and the respective changes in financial position and, where applicable, cash flows thereof and the respective budgetary comparison for the General Fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and the schedules of the Town's proportionate share of the net pension liability and contributions on pages 4 – 10 and 42 and 43 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Town of North, South Carolina's basic financial statements. The other financial information is presented for purposes of additional analysis and is not a required part of the basic financial statements.

The other financial information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the other financial information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

INDEPENDENT AUDITOR'S REPORT
(continued)

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated December 2, 2019, on our consideration of the Town of North, South Carolina's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Town of North, South Carolina's internal control over financial reporting and compliance.

**TOWN OF NORTH, SOUTH CAROLINA
MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)**

The Town Clerk and Mayor of the Town of North submit to the readers of the Town's financial statements the overview and analysis of the financial activities of the Town for the fiscal year ended June 30, 2019.

FINANCIAL HIGHLIGHTS

The combined Governmental Activities and Business-Type Activities assets of the Town of North exceeded its combined liabilities at the end of the fiscal year by \$2,869,093 (net position). The combined Governmental Activities and Business-type Activities revenues totaled \$1,089,433, combined expenses totaled \$837,090, and loss on sale of capital asset was \$17,463. Accordingly, combined revenues exceeded expenses by \$ 234,880.

At the end of fiscal year 2019, the governmental funds had unassigned fund balance of \$265,030. This amounts to 45% of General Fund annual expenditures. The total fund balance was \$269,776 for the General Fund, the Town's principal operating fund.

The Town of North's Business-Type Activity reported an increase in net position at the end of the fiscal year of \$171,137.

At the end of fiscal year 2019, the Town of North's Business-Type Activity reported cash and investments equivalents of \$522,332 and a net position of \$1,824,537.

OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis is intended to serve as a primer on the town's basic financial statements. The Town's basic financial statements have three components:

- 1) Government-wide financial statements
- 2) Fund financial statements
- 3) Notes to the financial statements

This report also contains other supplementary information in addition to the basic financial statements themselves.

Government-wide Financial Statements – The government-wide financial statements are designed to provide readers with a broad overview of the Town's finances, in a manner similar to private-sector business.

The *Statement of Net Position* presents information on all of the Town's assets and liabilities, with the difference between the two reported as net position. Over time, increases and decreases in net position may serve as a useful indicator of whether the financial position of the Town is improving or deteriorating.

The *Statement of Activities* presents information showing how the Town's net position changed during the most recent fiscal year. All changes in net position are reported when the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will result in cash flows in the future fiscal periods (i.e., uncollected taxes and earned but unused compensated absences). A compensated absence is a work absence for which the employee will be paid (e.g. sick leave, vacation leave and holiday leave).

**TOWN OF NORTH, SOUTH CAROLINA
MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)**

Both of the government-wide financial statements distinguish functions of the Town that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or significant portions of their costs through usage fees and charges (business-type activities).

The governmental activities of the Town of North include administration, police protection, court, and streets and sanitation. The business-type activity of the Town of North is the water and wastewater utility system.

The government-wide financial statements include the Town, also known as the primary government. The government-wide financial statements are listed on pages 11 through 12 of this report.

Fund Financial Statements – A fund is a grouping of related accounts that is used to exercise control over resources that have been segregated for specific activities. The Town of North, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with financial-related legal requirements. The funds of the Town can be divided into two categories – the governmental fund and the proprietary fund.

Governmental Funds – Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and near-term outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financial requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds, with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions.

Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balance provide a reconciliation to facilitate this comparison between the governmental fund and governmental activities.

The Town maintains one individual governmental fund. Information is presented in the Governmental Fund Balance Sheet and in the Governmental Fund Statement of Revenues, Expenditures, and Changes in Fund Balance for the General Fund only since there are no other governmental funds. The basic governmental fund financial statements can be found on pages 13 through 16 of this report.

Proprietary Funds – The Town maintains one enterprise fund, a type of proprietary fund. Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. The Town uses the enterprise fund to account for its public utility system, comprised of water and wastewater operations. Proprietary funds provide the same types of information as the government-wide financial statements. The basic Proprietary Fund financial statements can be found on pages 17 through 19 of this report.

Notes to the Basic Financial Statements – The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the basic financial statements can be found on pages 22 through 41.

Other Information – In addition to the basic financial statements and accompanying notes, the report also presents certain other financial information.

**TOWN OF NORTH, SOUTH CAROLINA
MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)**

GOVERNMENT-WIDE FINANCIAL ANALYSIS

The fiscal year 2019 financial statements are the 16th consecutive financials issued in compliance with Governmental Accounting Standards Board (GASB) Statement 34, and a continuance of this new era of financial reporting. Prior to the adoption of GASB 34, the Town was required to report fund and account groups separately, with no meaningful consolidated statements to accurately reflect the operation and net position of the Town as an entity. Under the GASB 34 model for fiscal year 2019, the government-wide statements are reported using an economic resource measurement focus and the accrual basis of accounting, as opposed to the cash basis of accounting. The accrual basis of accounting recognizes revenue before cash is received and recognizes expenses before cash is paid. The cash basis of accounting recognizes revenue when cash is received and recognizes expenses when cash is paid.

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. In the case of the Town of North's assets exceeded liabilities by \$2,869,093 at June 30, 2019.

Net investment in capital assets	\$ 2,412,592
Restricted	4,746
Unrestricted	<u>451,755</u>
	<u>\$ 2,869,093</u>

The largest portion of the Town's net position (84%) reflects its investment in capital assets (land, buildings, machinery and equipment), less any debt used to acquire those assets that is still outstanding. The Town uses these capital investments to provide services to Town residents; consequently these assets are not available for future expenditures. Although the Town's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

**TOWN OF NORTH, SOUTH CAROLINA
MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)**

The following tables present a summary of the Town's Statement of Net Position as of June 30, 2019 and 2018:

Water and Sewer	-	-	310	273	310	273
General expenses:						
Loss on sale of assets	<u>-</u>	<u>-</u>	<u>17</u>	<u>-</u>	<u>17</u>	<u>-</u>
Total Expenses	<u>527</u>	<u>459</u>	<u>327</u>	<u>273</u>	<u>854</u>	<u>732</u>
Change in Net Position	<u>\$ 63</u>	<u>\$ 88</u>	<u>\$172</u>	<u>\$ 160</u>	<u>\$ 235</u>	<u>\$ 248</u>

Governmental Activities – Governmental activities net position increased \$ 63,743 during the fiscal year. Governmental Activities revenues showed an increase when compared to fiscal year 2018 and an increase in expenses. The increase in revenues is primarily related to increased collections from business licenses.

Business-type activities – Business-type activities consist of the public water and wastewater system and the garbage collection and disposal system. Total revenues of \$390,368 exceeded total expenses of \$310,369 for an operational surplus of \$79,999. Compared to fiscal year 2018, Business-type revenues are trending upward due to appropriate rate increases.

FINANCIAL ANALYSIS OF THE GOVERNMENT'S FUNDS

Governmental funds – The focus on the Town's governmental funds is to provide information on inflows, outflows and balances of spendable resources. Such information is useful in assessing the Town's financing requirements.

**TOWN OF NORTH, SOUTH CAROLINA
MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)**

At the end of fiscal year 2019, the Town's governmental fund reported a combined ending fund balance of \$269,696. The Town's general fund is the only governmental fund.

Proprietary funds – The Town's largest component of proprietary fund net position is the net investment in capital assets \$1,382,089 or 76% of the Town's total proprietary fund net position.

GENERAL FUND BUDGETARY HIGHLIGHTS

Selected variances between fiscal years 2019 and 2018 General Fund actual revenues were as follows:

➤ \$	1,582	property taxes	1.0% decrease
➤ \$	2,622	licenses and permits	9.8% decrease
➤ \$	812	other shared revenue	3.3% increase
➤ \$	3,892	court fines	14.5% increase
➤ \$	765	miscellaneous income	4.4% increase

Property tax revenues decreased, and there was a decrease in license fees.

PROPRIETARY FUND BUDGETARY HIGHLIGHTS

Selected variances between fiscal years 2019 and 2018 Proprietary Fund actual revenues were as follows:

➤ \$	9,775	water service sales	4.2% increase
➤ \$	4,702	sewer service sales	5.1% decrease
➤ \$	837	other operating revenue	1.4% increase

The variance in Proprietary Fund revenues between fiscal years 2019 and 2018 is less significant on a year to year basis.

ECONOMIC FACTORS

Town Council voted to increase residential and commercial sewer rates for businesses and residents outside the Town limits for FY 2018-2019 in order to minimize withdrawal of funds from savings. Depreciation reserve accounts for Police, Water/Sewer and Public Works were funded.

Separation of duties is strictly enforced by the Mayor in order to maintain an effective financial control environment and to prevent fraud.

**TOWN OF NORTH, SOUTH CAROLINA
NOTES TO THE FINANCIAL STATEMENTS**

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Introduction

The Town of North, South Carolina (the Town) was incorporated under the laws of the State of South Carolina for the incorporation of municipal governments and as amended by Act 283 of the 1975 Code (Home Rule Town Act). The Town operates under a Council-form of government and provides the following services as authorized by its charter: public safety (police and fire), streets, sanitation, and general administrative services.

The financial statements of the Town have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to government units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the Town's accounting policies are described below.

B. Basis of Presentation

Government-wide Financial Statements

The statement of net position and statement of activities report information about all activities of the primary government. These statements distinguish between the Town's *governmental* and *business-type activities*. Taxes and other non-exchange transactions primarily finance the governmental activities whereas fees charged to external parties finance, in whole or in part, the business-type activities. All of the town's governmental funds are reported in the government-wide financial statement as governmental activities and all of its enterprise funds are reported as business-type activities. (See the *Fund Financial Statements* subsection which follows for more information about fund types.)

Statement of Activities

The statement of activities presents a comparison between direct expenses and program revenues for the business-type activities of the Town and for each function of the Town's governmental activities. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function.

Program revenues include fees, fines, and charges paid by the recipients of goods, services, or privileges offered by the programs. The Town classifies as *general revenues* all revenues that are not program revenues, including all taxes and business license fees.

Fund Financial Statements

The fund financial statements provide information about the Town's funds, including its governmental fund and proprietary fund. The Town presents separate statements for each fund category – governmental and proprietary.

Operating and Non-Operating Revenues and Expenses in Proprietary Fund Financial Statements

Enterprise funds distinguish operating revenues and expenses from *non-operating* revenues and expenses. Operating revenues and expenses generally are limited to items resulting from the provision of services and goods in connection with the fund's principal ongoing operations. The Town generally classifies revenues and expenses as operating only if the related cash flows appear in the operating section on the statement of cash flows. Accordingly, grants are reportable as operating revenues only if they are essentially the same as contracts for services (i.e., exchange transactions) and they finance

**TOWN OF NORTH, SOUTH CAROLINA
NOTES TO THE FINANCIAL STATEMENTS**

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Fund Financial Statements (continued)

programs that the proprietary fund would not otherwise undertake (i.e., the activity of the grant is inherently part of the operations of the grantor). Conversely, the Town classifies non-exchange transactions as non-operating. This includes all grant revenues except those reportable as operating revenue as described above and those restricted by the grantor for use exclusively for capital purposes. The Town reports as operating most expenses it pays from operating revenues but usually reports interest expense as non-operating.

Fund Accounting

Fund Accounting is the procedure by which resources for various purposes are classified for accounting and reporting purposes into funds that are in accordance with specified activities or objectives in accordance with limitations and restrictions imposed by sources outside the entity and in accordance with directives issued by the governing board.

The Town's funds are classified into two categories – governmental and proprietary.

Governmental Fund

General Fund – The General Fund is the general operating fund of the Town. It is used to account for all financial resources except those required to be accounted for in another fund.

Proprietary Fund

Enterprise Fund – Enterprise Funds are used to account for operations (a) that are financed and operating in a manner similar to private business enterprises – where the intent of the governing body is that the cost (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges; or (b) where the governing body has decided that periodic determination of revenue earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability, or other purposes.

Fiduciary Fund

Agency Fund – Agency funds are used to account for assets held by this Town in a trustee capacity or as an agent for individual, private organizations and/or other governmental units. Agency funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operation. The Town's agency fund consists of the Victims' Assistance Fund. The Victims' Assistance Fund is used to account for monies derived from court assessments and surcharges and may only be used to pay for statutorily approved expenditures for crime victims and witnesses.

**TOWN OF NORTH, SOUTH CAROLINA
NOTES TO THE FINANCIAL STATEMENTS**

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

C. Basis of Accounting

Accrual Basis – The Town uses the accrual basis of accounting in reporting its government-wide financial statements, as well as its proprietary fund financial statements. Under the accrual basis, the Town generally records revenues when earned and reasonably measureable and records expenses when a liability is incurred, regardless of the timing of related cash flows. Significant non-exchange transactions, in which the Town gives (or receives) value without directly receiving (or giving) equal value in exchange, include taxes, grants, and donations. The Town recognizes grants, donations and similar items as revenue as soon as it meets all eligibility requirements.

Modified Accrual Basis – The Town uses the modified accrual basis of accounting to report its governmental fund. Under the modified accrual basis, revenues, net of estimated uncollectible amounts, are recognized in the fiscal year when they become susceptible to accrual – that is, as soon as they become both measurable and available to finance current operations or to liquidate liabilities existing at fiscal year-end. Governmental funds also defer revenue recognition in connection with resources that have been received, but not yet earned. Principal revenue sources considered susceptible to accrual include taxes, grants, charges for goods and services, and interest earnings.

Under the modified accrual basis, expenditures generally are recorded when a liability is incurred, as under accrual accounting. An exception, however, is that principal and interest on general long-term debt, claims and judgments, and compensated absences are recognized as expenditures only to the extent they have matured. Proceeds of general long-term debt and acquisitions under capital leases are reported as other financing sources. General capital asset acquisitions are reported as expenditures (rather than as assets) in governmental funds.

The accounting policies of the Town conform to generally accepted accounting principles (GAAP) applicable to its activities as prescribed by the Governmental Accounting Standards Board (GASB), the recognized standard-setting body for GAAP for all state governmental entities. Proprietary fund activities are reported using the accrual basis method of accounting. If measurable, revenue is recognized when earned and expenses when incurred.

Transfers of financial resources among funds are recognized in all affected funds in the period in which the related interfund receivables and payables arise.

The Town has elected to treat all funds as major and present them in separate columns.

D. Budgets and Budgetary Accounting

Budgets are adopted on a basis consistent with accounting principles generally accepted in the United States of America. An annual appropriated budget is adopted for the General Fund. All annual appropriations lapse at fiscal year-end.

E. Cash and Cash Equivalents and Investments

Cash includes amounts held in demand deposits. For the purpose of the statement of cash flows, the Town considers all savings and short-term investments purchased with maturities of three months or less to be cash equivalents. State statutes authorize the Town to invest in obligations of the U.S. Treasury, commercial paper, corporate bonds, and repurchase agreements. Investments, if any, are reported at fair value.

**TOWN OF NORTH, SOUTH CAROLINA
NOTES TO THE FINANCIAL STATEMENTS**

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

F. Accounts Receivable

The accounts receivable of the Water and Sewer Enterprise Fund consist of unpaid user charges for the water and sewer systems of the Town. The amount of unpaid charges is reported net of an allowance for doubtful accounts.

Property taxes are levied, generally in November, for property on record with Orangeburg County as of the prior December 31. These taxes are due without penalty by the January 15 following billing. All taxes outstanding for more than ten years are written off. Personal property taxes are levied by the county on a monthly basis.

G. Short-Term Interfund Receivables/Payables

During the course of operations, numerous transactions occur between individual funds for goods provided or services rendered. These receivables and payables are classified as “due from other funds” or “due to other funds” on their respective financial statements. Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as “internal balances.”

H. Capital Assets

Capital assets, which include property and equipment, are reported in the applicable governmental or business-type activities columns in the government-wide financial statements.

Depreciation of exhaustible capital assets has been provided using the straight-line method over the estimated useful lives as follows:

	<u>Governmental Funds</u>	<u>Proprietary Funds</u>
Utility plant in service	-	40 – 45 years
Equipment	3 – 10 years	5 – 10 years
Vehicles	5 – 10 years	4 – 5 years
Buildings	15 – 40 years	15 – 40 years

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized.

I. Compensated Absences

The Town’s policy allows employees to accumulate paid time off to a maximum of 40 hours. Upon termination, any accumulated paid time off will be paid to the employee, with two weeks notice.

The estimated liability for vested compensated absences attributable to the Town’s governmental and business-type activities is recorded as an expense and liability in the respective funds. The estimated liabilities include required salary-related payments.

**TOWN OF NORTH, SOUTH CAROLINA
NOTES TO THE FINANCIAL STATEMENTS**

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

J. Long-Term Obligations

In the government-wide financial statements and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net position.

K. Deferred Outflows/Inflows of Resources

In addition to assets, the Statement of Net Position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, *deferred outflows of resources*, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then.

In addition to liabilities, the Statement of Net Position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time.

L. Net Position and Fund Balances

Net position is classified and presented in three components in the government-wide financial statements:

Net investment in capital assets – Consists of capital assets including restricted capital assets, net of accumulated depreciation and amortization, and reduced by the outstanding balances of any bonds, mortgages, notes or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.

Restricted net position – The Town reports a portion of its fund balance in its fund financial statements as restricted. Fund balance for governmental funds is reported as restricted when constraints placed on resource use are either (a) externally imposed by creditors (such as debt covenants), grantors, contributors, laws or regulation of other governments, or (b) imposed by law through constitutional provisions or enabling legislation.

Enabling legislation authorizes the Town to assess, levy, charge, or otherwise mandate payments of resources (from resource providers) and includes a legally enforceable requirement that those resources be used only for the specific purposes stipulated in the legislation. A legally enforceable requirement is one that an outside party (such as citizens, public interest groups, or the judiciary) can compel the government to honor.

Unrestricted net position – All other net position that does not meet the definition of “restricted,” or “invested in capital assets.”

Fund balances are classified as follows in the fund financial statements:

Fund balance is reported as assigned if the fund balance is constrained by the government’s intent to use the funds for a specific purpose. The Town reports amounts as assigned if constrained through appropriations actions of the legislature. The removal of constraints for assigned funds occurs through the budgetary process.

**TOWN OF NORTH, SOUTH CAROLINA
NOTES TO THE FINANCIAL STATEMENTS**

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

L. Net Position and Fund Balances (continued)

Fund balance is reported as *restricted fund balance* if restricted for specific purposes stipulated by an external resource provider, constitutionally or through enabling legislation, such as Drug Seizure monies.

Fund balance is reported as *committed* if amounts have been committed through the appropriations process. The Town does not have any committed funds.

Unassigned fund balance – all other fund balances that do not meet the definition of “restricted,” “assigned,” or “committed.”

The Town’s policy is to first apply restricted resources when an expense is incurred for purposes for which both restricted and unrestricted net position or fund balances are available. Within the unrestricted fund balance, committed resources would be first applied, when available, followed by assigned resources before unassigned resources are used.

M. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Estimates are used to determine depreciation expense, and the allowance for doubtful accounts among other accounts. Actual results could differ from those estimates.

NOTE 2 – LEGAL COMPLIANCE - BUDGETS

The Town follows these procedures in establishing the budgetary data reflected in the financial statements;

1. Formal budgetary integration is employed as a management control device during the year for the General Fund and the Water and Sewer Enterprise Fund.
2. The combined statement of revenues, expenditures and changes in fund balance-budget and actual for the General Fund presents comparison of the legally adopted budget with actual data on a GAAP basis.
3. Unused appropriations lapse at the end of the year.
4. The budget amounts shown in the financial statements are the final authorized amounts as revised during the year.
5. Expenditures should not exceed budgeted appropriations at the fund level.

Expenditures approved by Council shall automatically carry amendments to fund appropriations where necessary. Budget amounts reported are as originally adopted, or as amended by the Town Council.

Actual revenue exceeded budgeted revenue by \$257,316. Actual expenditures exceeded the budget by \$110,376 due to capital expenditures that were not budgeted.

**TOWN OF NORTH, SOUTH CAROLINA
NOTES TO THE FINANCIAL STATEMENTS**

NOTE 3 – CASH AND INVESTMENTS

At year-end, the carrying amount of the Town’s deposits and investments was \$837,875 and the bank balance was \$844,519. To reconcile this information to the financial statements, we include the following:

Cash and investments	\$	837,875
Cash on hand		<u>283</u>
Total		<u>\$ 838,158</u>
Cash – Governmental Activities	\$	315,826
Business Type Activities		<u>522,332</u>
		<u>\$ 838,158</u>
Deposits	\$	569,901
Investments		<u>268,257</u>
		<u>\$ 838,158</u>

Of the bank balance of \$576,262 excluding the investment pool funds, \$429,774 is secured by FDIC insurance and \$146,488 is secured by collateral.

Investments are carried at fair value, and are composed of the following:

	<u>Maturities</u>	<u>Fair Value</u>
State investment pool	18 months to 2 years	\$ 268,257
		<u>\$ 268,257</u>

The local government investment pool is a 2a7-like pool which is not registered with the Securities and Exchange Commission (“SEC”) as an investment company, but has a policy that it will operate in a manner consistent with the SEC’s Rule 2a7 of the Investment Company Act of 1940. The South Carolina State Treasurer oversees the pool. The fair value of the position in the pool is the same as the value of the pool shares. The Pool is included as an investment trust fund in the State of South Carolina Comprehensive Annual Financial Report. At June 30, 2019, the underlying security ratings of the Town’s investment in the Local Government Investment Pool (LGIP) is classified in risk category “A” and may be obtained from the LGIP’s complete financial statements by writing to the following address:

Office of the State Treasurer
Local Government Investment Pool
Post Office Box 11778
Columbia, South Carolina 29211

**TOWN OF NORTH, SOUTH CAROLINA
NOTES TO THE FINANCIAL STATEMENTS**

NOTE 4 – RECEIVABLES

Receivables at June 30, 2019, consist of the following:

	<u>Governmental Activities</u>	<u>Business-type Activities</u>	<u>Total</u>
Accounts receivable:			
State revenue	\$ 61,575	\$ -	\$ 61,575
Sanitation charges	9,606	-	9,606
Water and sewer billings	-	61,266	61,266
Property taxes	29,941	-	29,941
Other receivables	<u>13,046</u>	<u>-</u>	<u>13,046</u>
Gross receivables	114,168	61,266	175,434
Less, allowance for uncollectibles	<u>(4,967)</u>	<u>(24,918)</u>	<u>(29,885)</u>
Net receivables	<u>\$ 109,201</u>	<u>\$ 36,348</u>	<u>\$ 145,549</u>

NOTE 5 – CAPITAL ASSETS

Capital assets activity for the year ended June 30, 2019, was as follows:

	<u>Beginning Balance</u>	<u>Increases</u>	<u>Retirements</u>	<u>Ending Balance</u>
Governmental Activities:				
Capital assets not being depreciated:				
Land	\$ 132,758	\$ -	\$ -	\$ 132,758

NOTES TO THE FINANCIAL STATEMENTS**

NOTE 6 – RETIREMENT PLAN

Description of the Entity

The South Carolina Public Employee Benefit Authority (PEBA), created July 1, 2012 and governed by an 11-member Board, is the state agency responsible for the administration and management of the various Retirement Systems and retirement programs of the state of South Carolina, including the State Optional Retirement Program and the S.C. Deferred Compensation Program, as well as the state's employee insurance programs. As such, PEBA is responsible for administering the South Carolina Retirement Systems' five defined benefit pension plans. The Retirement Funding and Administration Act of 2017, which became effective July 1, 2017, increased the employer and employee contribution rates, established a ceiling on the SCRS employee contribution rates, lowered the assumed rate of return, required a scheduled reduction of the funding periods, and addressed various governance issues including the assignment of the PEBA Board as custodian of the retirement trust funds and assignment of the RSIC and PEBA as co-trustees of the assets of the retirement trust funds. By law, the State Fiscal Accountability Authority (SFAA), which consists of five elected officials, also reviews certain PEBA Board decisions regarding the actuary of the Systems.

For purposes of measuring the net pension liability, deferred outflows and inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Systems and additions to/deductions from the Systems fiduciary net position have been determined on the accrual basis of accounting as they are reported by the Systems in accordance with generally accepted accounting principles (GAAP). For this purpose, revenues are recognized when earned and expenses are recognized when incurred. Benefit and refund expenses are recognized when due and payable in accordance with the terms of the plan. Investments are reported at fair value.

PEBA issues a Comprehensive Annual Financial Report (CAFR) containing financial statements and required supplementary information for the Systems' Pension Trust Funds. The CAFR is publicly available through the Retirement Benefits' link on PEBA's website at www.peba.sc.gov or a copy may be obtained by submitting a request to PEBA, 202 Arbor Lake Drive, Columbia, SC 29223. PEBA is considered a division of the primary government of the state of South Carolina and, therefore, retirement trust fund financial information is also included in the comprehensive annual financial report of the state.

Plan Descriptions

- The South Carolina Retirement System (SCRS), a cost-sharing multiple-employer defined benefit pension plan, was established July 1, 1945, pursuant to the provisions of Section 9-1-20 of the South Carolina Code of Laws for the purpose of providing retirement and other benefits for teachers and employees of the state and its political subdivisions. SCRS covers employees of state agencies, public school districts, higher education institutions, other participating local subdivisions of government and individuals newly elected to the South Carolina General Assembly at or after the 2012 general election.
- The South Carolina Police Officers Retirement System (PORS), a cost-sharing multiple-employer defined benefit pension plan, was established July 1, 1962, pursuant to the provisions of Section 9-11-20 of the South Carolina Code of Laws for the purpose of providing retirement and other benefits to police officers and firefighters. PORS also covers peace officers, coroners, probate judges and magistrates.

In addition to the plans described above, PEBA also administers three single-employer defined benefit pension plans, which are not covered in this report. They are the Retirement System for Members of the General Assembly of the State of South Carolina (GARS), the Retirement System for Judges and Solicitors of the State of South Carolina (JSRS), and the South Carolina National Guard Supplemental Retirement Plan (SCNG).

**TOWN OF NORTH, SOUTH CAROLINA
NOTES TO THE FINANCIAL STATEMENTS**

NOTE 6 – RETIREMENT PLAN (continued)

Membership

Membership requirements are prescribed in Title 9 of the South Carolina Code of Laws. A brief summary of the requirements under each system is presented below.

- SCRS - Generally, all employees of covered employers are required to participate in and contribute to the system as a condition of employment. This plan covers general employees and teachers and individuals newly elected to the South Carolina General Assembly beginning with the November 2012 general election. An employee member of the system with an effective date of membership prior to July 1, 2012, is a Class Two member. An employee member of the system with an effective date of membership on or after July 1, 2012, is a Class Three member.

- PORS – To be eligible for PORS membership, an employee must be required by the terms of his employment, by election or appointment, to preserve public order, protect life and property, and detect crimes in the state; to prevent and control property destruction by fire; or to serve as a peace officer employed by the Department of Corrections, the Department of Juvenile Justice, or the Department of Mental Health. Probate judges and coroners may elect membership in PORS. Magistrates are required to participate in PORS for service as a magistrate. PORS members, other than magistrates and probate judges, must also earn at least \$2,000 per year and devote at least 1,600 hours per year to this work, unless exempted by state statute. An employee member of the system with an effective date of membership prior to July 1, 2012, is a Class Two member. An employee member of the system with an effective date of membership on or after July 1, 2012, is a Class Three member.

Benefits

Benefit terms are prescribed in Title 9 of the South Carolina Code of Laws. PEBA does not have the authority to establish or amend benefit terms without a legislative change in the code of Laws. Key elements of the benefit calculation include the benefit multiplier, years of service, and average final compensation/current annual salary. A brief summary of the benefit terms for each system is presented below.

- SCRS - A Class Two member who has separated from service with at least five or more years of earned service is eligible for a monthly pension at age 65 or with 28 years credited service regardless of age. A member may elect early retirement with reduced pension benefits payable at age 55 with 25 years of service credit. A Class Three member who has separated from service with at least eight or more years of earned service is eligible for a monthly pension upon satisfying the Rule of 90 requirement that the total of the member's age and the member's creditable service equals at least 90 years. Both Class Two and Class Three members are eligible to receive a reduced deferred annuity at age 60 if they satisfy the five- or eight-year earned service requirement, respectively. An incidental death benefit is also available to beneficiaries of active and retired members of employers who participate in the death benefit program.

The annual retirement allowance of eligible retirees or their surviving annuitants is increased by the lesser of one percent or five hundred dollars every July 1. Only those annuitants in receipt of a benefit on July 1 of the preceding year are eligible to receive the increase. Members who retire under the early retirement provisions at age 55 with 25 years of service are not eligible for the benefit adjustment until the second July 1 after reaching age 60 or the second July 1 after the date they would have had 28 years of service credit had they not retired.

**TOWN OF NORTH, SOUTH CAROLINA
NOTES TO THE FINANCIAL STATEMENTS**

NOTE 6 – RETIREMENT PLAN (continued)

Benefits (continued)

- **PORS** – A Class Two member who has separated from service with at least five or more years of earned service is eligible for a monthly pension at age 55 or with 25 years of service regardless of age. A Class Three member who has separated from service with at least eight or more years of earned service is eligible for a monthly pension at age 55 or with 27 years of service regardless of age. Both Class Two and Class Three members are eligible to receive a deferred annuity at age 55 with five or eight years of earned service, respectively. An incidental death benefit is also available to beneficiaries of active and retired members of employers who participate in the death benefit program. Accidental death benefits are also provided upon the death of an active member working for a covered employer whose death was a natural and proximate result of an injury incurred while in the performance of duty.

The retirement allowance of eligible retirees or their surviving annuitants is increased by the lesser of one percent or five hundred dollars every July 1. Only those annuitants in receipt of a benefit on July 1 of the preceding year are eligible to receive the increase.

Contributions

Contributions are prescribed in Title 9 of the South Carolina Code of Laws. If the scheduled employee and employer contributions provided in statute, or the rates last adopted by the board, are insufficient to maintain the amortization period set in statute, the board shall increase employer contribution rates as necessary.

After June 30, 2027, if the most recent annual actuarial valuation of the Systems for funding purposes shows a ratio of the actuarial value of system assets to the actuarial accrued liability of the system (the funded ratio) that is equal to or greater than eighty-five percent, then the board, effective on the following July first, may decrease the then current contribution rates upon making a finding that the decrease will not result in a funded ratio of less than eighty-five percent. If contribution rates are decreased pursuant to this provision, and the most recent annual actuarial valuation of the system shows a funded ratio of less than eighty-five percent, then effective on the following July first, and annually thereafter as necessary, the board shall increase the then current contribution rates until a subsequent annual actuarial valuation of the system shows a funded ratio that is equal to or greater than eighty-five percent.

The Retirement System Funding and Administration Act establishes a ceiling on employee contribution rates at 9 percent and 9.75 percent for SCRS. The employer contribution rates will continue to increase annually by 1 percent through July 1, 2022. The legislation's ultimate scheduled employer rate is 18.56 percent for SCRS. The amortization period is scheduled to be reduced one year for each of the next 10 years to a twenty year amortization period.

Employer Group Life Contributions	<u>556</u>	<u>448</u>	<u>408</u>
Total	<u>\$ 36,679</u>	<u>\$ 29,144</u>	<u>\$ 24,018</u>

The Town contributed 100% of the required contributions for the current year and each of the two preceding years.

**TOWN OF NORTH, SOUTH CAROLINA
NOTES TO THE FINANCIAL STATEMENTS**

NOTE 6 -- RETIREMENT PLAN (continued)

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2018, the Town reported a liability of \$149,089 for its proportionate share of the net pension liability for SCRS and a liability of \$229,560 for its proportionate share of the net pension liability for PORS. The net pension liability of the defined benefit plan was determined based on the most recent actuarial valuation as of July 1, 2017, using membership as of that date projected forward to the end of the retirement plan's fiscal year, and financial information of the pension trust funds as of June 30, 2018. The Town's proportion of the net pension liability was based on a projection of the Town's long-term share of contributions to the pension plan relative to the projected contributions of all participating governmental units, actuarially determined.

At the retirement plan's year end of June 30, 2018, the Town's proportion was 0.000665% and 0.008102% for SCRS and PORS, respectively.

For the year ended June 30, 2018, the Town recognized pension expense of \$15,347, including \$(10,487) for SCRS and \$18,549 for PORS, respectively. At June 30, 2018, the Town reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
SCRS		
Differences between expected and actual experience	\$ 269	\$ 877
Assumption changes	5,915	-
Net difference between projected and actual earnings on pension plan investments	2,368	-
Deferred amounts from changes in proportionate share and differences between Town contributions and proportionate share of contributions	4,539	42,022
Town contributions subsequent to the measurement date	<u>11,027</u>	<u>-</u>
Totals	<u>\$ 24,118</u>	<u>\$ 42,899</u>
	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
PORS		
Differences between expected and actual experience	\$ 7,073	\$ -
Assumption changes	15,139	-
Net difference between projected and actual earnings on pension plan investments	4,591	-

Town contributions subsequent to the measurement date	<u>23,111</u>	<u>-</u>
Totals	<u>\$ 70,014</u>	<u>\$ 18,548</u>

**TOWN OF NORTH, SOUTH CAROLINA
NOTES TO THE FINANCIAL STATEMENTS**

NOTE 6 – RETIREMENT PLAN (continued)

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (continued)

The amount of \$11,027 for SCRS and \$23,111 for PORS reported as deferred outflows of resources related to pensions resulting from Town contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended June 30, 2020.

As discussed in GASB 68, collective deferred outflows/inflows of resources arising from differences between projected and actual pension plan investment earnings in different measurement periods should be aggregated and included as a net collective deferred outflow or inflow of resources related to pensions. The following schedules reflect the Town's proportionate share of amortization of collective deferred outflows/(inflows) of resources related to pensions outstanding at June 30, 2018.

Difference between expected and actual experience ¹

Thereafter	-	-

¹ In accordance with GASB 68, the difference between each year's expected and actual experience is required to be amortized over the average remaining service lives of all employees provided with pensions through the plan at June 30. The service periods used for amortization periods are 4.233(SCRS) and 4.856(PORS) years for 6/30/14; 4.164(SCRS) and 4.79 (PORS) years for 6/30/15; 4.116(SCRS) and 4.665(PORS) years for 6/30/16; 4.073(SCRS) and 4.553(PORS) years for 6/30/17; and 4.080 (SCRS) and 4.348 (PORS) years for 6/30/18. .

² Amount amortized and included in pension expense during measurement period listed.

³ In accordance with GASB 68, the difference between each year's projected and actual investment earnings is required to be amortized over a closed 5 year period.

Actuarial Assumptions and Methods

Actuarial valuations of the ongoing plan involve estimates of the reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and future salary increases. Amounts determined regarding the net pension liability are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. South Carolina state statute requires that an actuarial experience study be completed at least once in each five-year period. An experience report on the Systems was most recently issued as of July 1, 2015.

The June 30, 2018, total pension liability (TPL), net pension liability (NPL), and sensitivity information shown in this report were determined by our consulting actuary, Gabriel, Roeder, Smith and Company (GRS) and are based on an actuarial valuation performed as of July 1, 2017. The total pension liability was rolled-forward from the valuation date to the plans' fiscal year end, June 30, 2018, using generally accepted actuarial principles.

**TOWN OF NORTH, SOUTH CAROLINA
NOTES TO THE FINANCIAL STATEMENTS**

NOTE 6 – RETIREMENT PLAN (continued)

Actuarial Assumptions and Methods (continued)

The following table provides a summary of the actuarial assumptions and methods used to calculate the TPL as of June 30, 2018.

	<u>SCRS</u>	<u>PORS</u>
Actuarial Cost Method	Entry Age Normal	Entry Age Normal
Investment rate of return ¹	7.25%	7.25%
Projected salary increases	3.0% to 12.5% (varies by service) ¹	3.5% to 9.5% (varies by service) ¹
Benefit adjustments	Lesser of 1% or \$500 annually	Lesser of 1% or \$500 annually
¹ Includes inflation at 2.25%		

The post-retiree mortality assumption is dependent upon the member's job category and gender. The base mortality assumptions, the 2016 Public Retirees of South Carolina Mortality table (2016 PRSC), was developed using the Systems' mortality experience. These base rates are adjusted for future improvement in mortality using published Scale AA projected from the year 2016.

Assumptions used in the determination of the June 30, 2018, TPL are as follows:

<u>Former Job Class</u>	<u>Males</u>	<u>Females</u>
Educators	2016 PRSC Males multiplied by 92%	2016 PRSC Females multiplied by 98%
General Employees and Members of the General Assembly	2016 PRSC Males multiplied by 100%	2016 PRSC Females multiplied by 111%
Public Safety and Firefighters	2016 PRSC Males multiplied by 125%	2016 PRSC Females multiplied by 111%

Net Pension Liability

The NPL is calculated separately for each system and represents that particular system's TPL determined in accordance with GASB No. 67 less that System's fiduciary net position. NPL totals, as of June 30, 2018, for SCRS and PORS are presented below.

<u>System</u>	<u>Total Pension Liability</u>	<u>Plan Fiduciary Net Position</u>	<u>Employers' Net Pension Liability(Asset)</u>	<u>Plan Fiduciary Net Position as a Percentage of the Total Pension Liability</u>
SCRS	\$48,821,730,067	\$26,414,916,370	\$22,406,813,697	54.1%
PORS	\$ 7,403,972,673	\$ 4,570,430,427	\$ 2,833,542,426	61.7%

**TOWN OF NORTH, SOUTH CAROLINA
NOTES TO THE FINANCIAL STATEMENTS**

NOTE 6 – RETIREMENT PLAN (continued)

Net Pension Liability (continued)

The TPL is calculated by the Systems' actuary, and each plan's fiduciary net position is reported in the Systems' financial statements. The NPL is disclosed in accordance with the requirements of GASB 67 in the Systems' notes to the financial statements and required supplementary information. Liability calculations performed by the Systems' actuary for the purpose of satisfying the requirements of GASB Nos. 67 and 68 are not applicable for other purposes, such as determining the plans' funding requirements.

Long-term Expected Rate of Return

The long-term expected rate of return on pension plan investments is based upon 30 year capital market assumptions. The long-term expected rate of returns represent assumptions developed using an arithmetic building block approach primarily based on consensus expectations and market based inputs. Expected returns are net of investment fees.

The expected returns, along with the expected inflation rate, form the basis for the target asset allocation adopted at the beginning of the 2018 fiscal year. The long-term expected rate of return is produced by weighting the expected future real rates of return by the target allocation percentage and adding expected inflation and is summarized in the table on the following page. For actuarial purposes, the 7.25 percent assumed annual investment rate of return used in the calculation of the TPL includes a 5.00 percent real rate of return and a 2.25 percent inflation component.

Asset Class	Target Asset Allocation	Expected Arithmetic Real Rate of Return	Long Term Expected Portfolio Real Rate of Return
Global Equity	47.0%		
Global Public Equity	33.0%	6.99%	2.31%
Private Equity	9.0%	8.73%	0.79%
Equity Options Strategies	5.0%	5.52%	0.28%
Real Assets	10.0%		
Real Estate (Private)	6.0%	3.54%	0.21%
Real Estate (REITs)	2.0%	5.46%	0.11%

**TOWN OF NORTH, SOUTH CAROLINA
NOTES TO THE FINANCIAL STATEMENTS**

NOTE 6 – RETIREMENT PLAN (continued)

Discount Rate

The discount rate used to measure the TPL was 7.25 percent. The projection of cash flows used to determine the discount rate assumed that contributions from participating employers in SCRS and PORS will be made based on the actuarially determined rates based on provisions in the South Carolina Code of Laws. Based on those assumptions, the System’s fiduciary net position was projected to be available to make all the projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the TPL.

Sensitivity Analysis

The following table presents the Town’s proportionate share of the collective NPL calculated using the discount rate of 7.25 percent, as well as what the Town’s proportionate share of the employers’ NPL would be if it were calculated using a discount rate that is 1.00 percent lower (6.25 percent) or 1.00 percent higher (8.25 percent) than the current rate:

Sensitivity of the Net Pension Liability to Changes in the Discount Rate			
System	1.00% Decrease (6.25%)	Current Discount Rate (7.25%)	1.00% Increase (8.25%)
SCRS	\$ 190,401	\$ 149,089	\$ 119,411
PORS	\$ 309,494	\$ 229,560	\$ 164,112

Additional Financial and Actuarial Information

Detailed information regarding the fiduciary net position of the plans administered by PEBA is available in the Systems’ audited financial statements for the fiscal year ended June 30, 2018 (including the unmodified audit opinion on the financial statements). Additional actuarial information is available in the accounting and financial reporting actuarial valuation as of June 30, 2018.

Payables to the Pension Plan

As of June 30, 2019, the Town had no payables outstanding to the pension plans for its legally required contributions.

NOTE 7 – FUND BALANCE/NET POSITION RESTATEMENT

Fund balances and net position for June 30, 2018 were restated as follows:

	<u>Total Net Position</u>		<u>Fund Balance</u>
	<u>Governmental Activities</u>	<u>Business-type Activities</u>	<u>General Fund</u>
Balance, June 30, 2018	\$ 1,096,801	\$ 1,539,414	\$ 281,543
Restate for expense not recognized	(2,002)	-	(2,002)
To adjust for pension liability allocation	<u>(113,986)</u>	<u>113,986</u>	<u>-</u>
Balance restated at June 30, 2018	<u>\$ 980,813</u>	<u>\$ 1,653,400</u>	<u>\$ 279,541</u>

**TOWN OF NORTH, SOUTH CAROLINA
NOTES TO THE FINANCIAL STATEMENTS**

NOTE 8 – RISK MANAGEMENT

The Town is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; error and omissions; injuries to employees; and natural disasters. The Town carries commercial property insurance coverage and general liability coverage for these risks. There have been no significant reductions in insurance coverage in the last two years, and settled claims have not exceeded coverage in any of the last four fiscal years.

The Town participates in the South Carolina Insurance Reserve Fund, an insurance pool currently operating as a common tort liability and insurance program. The limit of the tort liability is \$600,000 per occurrence, while the limit for casualty insurance varies depending on the value of the property.

NOTE 9 – CONTINGENCIES AND COMMITMENTS

Grants:

The Town participates in a number of federally assisted grant programs and state funded grant programs. These programs are subject to financial compliance audits by the Town's auditors and by auditors of the federal or state grantor agencies. Upon audit, should it be determined that the Town has failed to comply with applicable requirements of the grants, then some or all of the grant expenditures may be disallowed and a portion of the grant expenditures may be reimbursable to the grantor.

NOTE 10 – SUBSEQUENT EVENTS

In September 2019, the Town received \$53,646 from Orangeburg County to be used for the Veterans' Park.

Subsequent events were evaluated through December 2, 2019, which is the date the financial statements were available for issue. Events occurring after that date have not been evaluated to determine whether a change in the financial statements would be required.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

To the Honorable Mayor and Town Council
Town of North, South Carolina

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, the major fund, and the aggregate remaining fund information of the Town of North, South Carolina, as of and for the year ended June 30, 2019, and the related notes to the financial statements, which collectively comprise the Town of North, South Carolina's basic financial statements, and have issued our report thereon dated December 2, 2019.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Town of North's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Town of North's internal control. Accordingly, we do not express an opinion on the effectiveness of the Town of North's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and, therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED
IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*
(Continued)**

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Town of North's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
