§30-4-15. Findings and Purpose.

The General Assembly finds that it is vital in a democratic society that public business be performed in an open and public manner so that citizens shall be advised of the performance of public officials and of the decisions that are reached in public activity and in the formulation of public policy. Toward this end, provisions of this chapter must be construed so as to make it possible for citizens, or their representatives, to learn and report fully the activities of their public officials at a minimum cost or delay to the persons seeking access to public documents or meetings.

§30-4-20. Definitions.

(a) "Public body" means any department of the State, and state board, commission, agency, and authority, any public or governmental body or political subdivision of the State, including counties, municipalities, townships, school districts, and special purpose districts, or any organization, corporation, or agency supported in whole or in part by public funds or expending public funds, including committees, subcommittees, advisory committees, and the like of any such body by whatever name known, and includes any quasi-governmental body of the State and its political subdivisions, including, without limitation, bodies such as the South Carolina Public Service Authority and the South Carolina State Ports Authority. Committees of health care facilities, which are subject to this Chapter, for medical staff disciplinary proceedings, quality assurance, peer review, including the medical staff credentialing process, specific medical case review, and self-evaluation are not public bodies for the purpose of this Chapter.

(b) "Person" includes any individual, corporation, partnership, firm, organization or association.

(c) "Public record" includes all books, papers, maps, photographs, cards, tapes, recordings, or other documentary materials regardless of physical form or characteristics prepared, owned, used in the possession of, or retained by a public body. Records such as income tax returns, medical records, hospital medical staff reports, scholastic records, adoption records, records related to registration, and circulation of library materials which contain names or other personally identifying details regarding the users of public, private, school, college, technical college, university, and state institutional libraries and library systems, supported in whole or in part by public funds or expending public funds, or records which reveal the identity of the library patron checking out or requesting an item from the library or using other library services, except nonidentifying administrative and statistical reports of registration and circulation, and other records which by law are required to be closed to the public are not considered to be made open to the public under the provisions of this act. Nothing herein authorizes or requires the disclosure of those records where the public body, prior to January 20, 1987, by a favorable vote of three-fourths of the membership, taken after receipt of a written request, concluded that the public interest was best served by not disclosing them. Nothing herein authorizes or requires the disclosure of records of the Board of Financial Institutions pertaining to applications and surveys for charters and branches of banks and savings and loan associations or surveys and examinations of the institutions required to be made by law.

(d) "Meeting" means the convening of a quorum of the constituent membership of a public body, whether corporal or by means of electronic equipment, to discuss or act upon a matter over which the public body has supervision, control, jurisdiction or advisory power.

(e) "Quorum" unless otherwise defined by applicable law means a simple majority of the constituent membership of a public body.

§30-4-30. Right to inspect or copy public records; fees; notification as to public availability of records.

(a) Any person has a right to inspect or copy any public record of a public body, except as otherwise provided by §30-4-40, in accordance with reasonable rules concerning time and place of access.

(b) The public body may establish and collect fees not to exceed the actual cost of searching for or making copies of records. Fees charged by a public body must be uniform for copies of the same record or document. However, members of the General Assembly may receive copies of records or documents at no charge from public bodies when their request relates to their legislative duties. Such records shall be furnished at the lowest possible cost to the person requesting the records. Records shall be provided in a form that is both convenient and practical for use by the person requesting copies of the records concerned, if it is equally convenient for such public body to provide the records in such form. Documents may be furnished when appropriate without charge or at a reduced charge where the agency determines that waiver or reduction of the fee is in the public interest because furnishing the information can be considered as primarily benefiting the general public. Fees shall not be charged for examination and review to determine if such documents are subject to disclosure. Nothing in this chapter shall prevent the custodian of the public records from charging a reasonable hourly rate for making records available to the public nor requiring a reasonable deposit of such costs prior to searching for or making copies of the records.

(c) Each public body, upon written request for records made under this chapter, shall within fifteen days (excepting Saturdays, Sundays, and legal public holidays) of the receipt of any such request notify the person making such request of its determination and the reasons therefor. Such a determination shall constitute the final opinion of the public body as to the public availability of the requested public record and, if the request is granted, the record must be furnished or made available for inspection or copying. If written notification of the determination of the public body as to the availability of the requested public record is neither mailed nor personally delivered to the person requesting the document within the fifteen days allowed herein, the request must be considered approved.

(d) The following records of a public body must be available for public inspection and copying during the hours of operations of the public body without the requestor being required to make a written request to inspect or copy the records when the requestor appears in person:

- (1) minutes of the meetings of the public body for the preceding six months;
- (2) all reports identified in Section 30-4-50(A)(8) for at least the fourteen-day period before the current day; and
- (3) documents identifying persons confined in any jail, detention center, or prison for the preceding three months.

§30-4-40. Disclosures.

(a) A public body may but is not required to disclose the following information.

(1) Trade secrets, which are defined as unpatented, secret, commercially valuable plans, appliances, formulas, or processes, which are used for the making, preparing, compounding, treating, or processing of articles or materials which are trade commodities obtained from a person and which are generally recognized as confidential; and work products, in whole or in part collected or produced for sale or resale, and paid subscriber information. Trade secrets also include, for those public bodies who market services or products in competition with others, feasibility, planning, and marketing studies, and evaluations and other materials which contain references to potential customers, competitive information, or evaluation.

(*) All materials, regardless of form, gathered by a public body during a search to fill an employment position, except that materials relating to not fewer than the final three applicants under consideration for a position must be made available for public inspection and copying. In addition to making available for public inspection and copying the materials described in this item, the public body must disclose, upon request, the number of applicants considered for a position. For the purpose of this item 'materials relating to not fewer than the final three applicants' do not include an applicants income tax returns, medical records, social security number, or information otherwise exempt from disclosure by this section.

(B) Any data, records, or information developed collected, or received by or on behalf of faculty, staff, employees, or students of a state institution of higher education or any public or private entity supporting or participating in the activities of a state institution of higher education in the conduct of or as a result of study or research on medical, scientific, technical, scholarly, or artistic issues, whether sponsored by the institution alone or in conjunction with a governmental body or private entity until the information is published, patented, otherwise publicly disseminated, or released to an agency whereupon the request must be made to the agency. This provision must not be interpreted to restrict access by the public and press to information contained in public records.

(3) Records of law enforcement and public safety agencies not otherwise available by law that were compiled in the process of detecting and investigating crime if the disclosure of the information would harm the agency by:

- (A) Disclosing identity of informants not otherwise known;
- (B) The premature release of information to be used in a prospective law enforcement action;
- (C) Disclosing investigatory techniques not otherwise known outside the government;
- (D) By endangering the life, health, or property of any person.

(A) these documents are not exempt from disclosure once a contract is entered into or the property is sold or purchased except as otherwise provided in this section;

(B) a contract for the sale or purchase of real estate shall remain exempt from disclosure until the deed is executed, but this exemption applies only to those contracts of sale or purchase where the execution of the deed occurs within twelve months from the date of sale or purchase;

(C) confidential proprietary information provided to a public body for economic development or contract negotiations purposes is not required to be disclosed.

(6) All compensation paid by public bodies except as follows:

- (A) For those persons receiving compensation of fifty thousand dollars or more annually, for all part-time employees, for any other persons who are paid honoraria or other compensation for special appearances, performances or the like, and for employees at the level of agency or department head, the exact compensation of each person or employee;

- (C) For classified employees not subject to item (A) above who receive compensation of thirty thousand dollars or less annually, the salary schedule showing the compensation range for that classification including longevity steps, where applicable;
- (D) For unclassified employees, including contract instructional employees, not subject to item (A) above who receive compensation of thirty thousand dollars or less annually, the compensation level within a range of four thousand dollars, such ranges to commence at two thousand dollars and increase in increments of four thousand dollars.
- (E) For purposes of this subsection (6), "agency head" or "department head" means any person who has authority and responsibility for any department, of any institution, board, commission, council, division, bureau, center, school, hospital, or other facility that is a unit of a public body.

(7) Correspondence or work product of legal counsel for a public body and any other material that would violate attorney-client relationships.

(8) Memoranda, correspondence, and working papers in the possession of individual members of the General Assembly or their immediate staffs; however, nothing herein may be construed as limiting or restricting public access to source documents or records, factual data or summaries of factual data, papers, minutes, or reports otherwise considered to be public information under the provisions of this Chapter and not specifically exempted by any other provisions of this Chapter.

(9) Memoranda, correspondence, documents, and working papers relative to efforts or activities of a public body to attract business or industry to invest within South Carolina.

(10) Any standards used or to be used by the South Carolina Revenue and Taxation for the selection of returns for examination, or data used or to be used for determining such standards, if the Commission determines that such disclosure would seriously impair assessment, collection, or enforcement under the tax laws of this State.

(11) Information relative to the identity of the maker of a gift to a public body if the maker specifies that his making of the gift must be anonymous and that his identity must not be revealed as a condition of making the gift. For the purposes of this item, "gift to a public body" includes, but is not limited to, gifts to any of the state-supported colleges or universities and museums. With respect to the gifts, only information which identifies the maker may be exempt from disclosure. If the maker of any gift or any member of his immediate family has any business transaction with the recipient of the gift within three years before or after the gift is made, the identity of the maker is not exempt from disclosure.

(b) If any public record contains material which is not exempt under subsection (a) of this section, the public body shall separate the exempt and nonexempt material available in accordance with the requirements of this Chapter.

§30-4-50. Certain matters declared public information.

a. Without limiting the meaning of other Sections of this Chapter, the following categories of information are specifically made public information subject to the restrictions and limitations of §30-4-20, §30-4-40 and §30-4-70 of this Chapter:

(1) The names, sex, race, title and dates of employment of all employees and officers of public bodies;

(2) Administrative staff manuals and instructions to staff that affect a member of the public;

(3) Final opinions, including concurring and dissenting opinions, as well as orders, made in the adjudication of cases;

(4) Those statements of policy and interpretations of policy, statute and the Constitution which have been adopted by the public body;

(5) Written planning policies and goals and final planning decisions;

(6) Information in or taken from any account, voucher or contract dealing with the receipt or expenditure of public or other funds by public bodies;

(7) The minutes of all proceedings of all public bodies and all votes at such proceedings, with the exception of all such minutes and votes taken at meetings closed to the public pursuant to 30-4-70;

(8) Reports which disclose the nature, substance, and location of any crime or alleged crime reported as having been committed. Where a report contains information exempt as otherwise provided by law, the law enforcement agency may delete that information from the report.

(9) Statistical and other empirical findings considered by the Legislative Audit Council in the development of an audit report.

b. No information contained in a police incident report or in an employee salary schedule revealed in response to a request pursuant to this chapter may be utilized for commercial solicitation. Also, the home addresses and home telephone numbers of employees and officers of public bodies revealed in response to a request pursuant to this chapter may not be utilized for commercial solicitation. However, this provision must not be interpreted to restrict access by the public and press to information contained in public records.

§30-4-60. Meetings of public bodies shall be open.

Every meeting of all public bodies shall be open to the public unless closed pursuant to §30-4-70 of this Chapter.

§30-4-70. Meetings which may be closed; procedure; circumvention of chapter; disruption of meeting; executive sessions of General Assembly.

(a) A public body may hold a meeting closed to the public for one or more of the following reasons:

(1) Discussion of employment, appointment, compensation, promotion, demotion, discipline, or release of an employee, a student, or a person regulated by a public body or the appointment of a person to a public body; however, if an adversary hearing involving the employee or client is held, the employee or client has the right to demand that the hearing be conducted publicly. Nothing contained in this item shall prevent the public body, in its discretion, from deleting the names of the other employees or clients whose records are submitted for use at the hearing.

(2) Discussion of negotiations incident to proposed contractual arrangements and proposed sale or purchase of property, the receipt of legal advice, where the legal advice related to a pending, threatened or potential claim or other matters covered by the attorney-client privilege, settlement of legal claims, or the position of the public agency in other adversary situations involving the assertion against said agency of a claim.

(3) Discussion regarding the development of security personnel or devices.

(4) Investigative proceedings regarding allegations of criminal misconduct.

(5) Discussion of matters relating to the proposed location, expansion, or the provision of services encouraging location or expansion of industries or other businesses in the area served by the public body.

(6) Before going into executive session the public agency shall vote in public on the question and when such vote is favorable the presiding officer shall announce the specific purpose of the executive session. As used in this subsection, "specific purpose" means a description of the matter to be discussed as identified in items (1) through (5) of subsection (a) of this section. However, when the executive session is held pursuant to §30-4-70 (a)(1) or §30-4-70(a)(5), the identity of the individual or entity being discussed is not required to be disclosed to satisfy the requirement that the specific purpose of the executive session to be stated. No action may be taken in executive session except (a) to adjourn or (b) to return to public session. The members of a public body may not commit the public body to a course of action by a polling of members in executive session.

(b) No chance meeting, social meeting, or electronic communication may be used in circumvention of the spirit of requirements of this chapter to act upon a matter over which the public body has supervision, control, jurisdiction, or advisory power.

(c) This chapter does not prohibit the removal of any person who willfully disrupts a meeting to the extent that orderly conduct of the meeting is seriously compromised.

(d) Sessions of the General Assembly may enter into executive sessions authorized by the Constitution of this State and rules adopted pursuant thereto.

§30-4-80. Notice of Meeting of Public Bodies.

(a) All public bodies, except as provided in subsections (b) and (c) of this section, must give written public notice of their regular meetings at the beginning of each calendar year. The notice must include the dates, times, and places of such meetings. Agendas, if any, for regularly scheduled meetings must be posted on a bulletin board at the office or meeting place of the public body at least twenty-four hours prior to such meetings. All public bodies must post on such bulletin board public notice for any called, special, or rescheduled meetings. Such notice must be posted as early as is practicable but not later than twenty-four hours before the meeting. The notice must include the agenda, date, time, and place of the meeting. This requirement does not apply to emergency meetings of public bodies.

(b) Legislative committees must post their meeting times during weeks of the regular session of the General Assembly and must comply with the provisions for notice of special meetings during those weeks when the General Assembly is not in session. Subcommittees of standing legislative committees must give notice during weeks of the legislative session only if it is practicable to do so.

(c) Subcommittees, other than legislative subcommittees, of committees required to give notice under subsection (a), must make reasonable and timely efforts to give notice of their meetings.

(d) Written public notice must include but need not be limited to posting a copy of the notice at the principle office of the public body holding the meeting or, if no such office exists, at the building in which the meeting is to be held.

(e) All public bodies shall notify persons or organizations, local news media, or such other news media as may request notification of the times, dates, places, and agenda of all public meetings, whether scheduled, rescheduled, or called, and the efforts made to comply with this requirement must be noted in the minutes of the meetings.

§30-4-90. Minutes of Meetings of Public Bodies.

(a) All public bodies shall keep written minutes of all of their public meetings. Such minutes shall include but need not be limited to:

(1) The date, time, and place of the meeting.

(2) The members of the public body recorded as either present or absent.

(3) The substance of all matters proposed, discussed or decided and, at the request of any member, a record, by an individual member, of any votes taken.

(4) Any other information that any member of the public body requests be included or reflected in the minutes.

(b) The minutes shall be public records and shall be available within a reasonable time after the meeting except where such disclosures would be inconsistent with §30-4-70 of this chapter.

(c) All or any part of a meeting of a public body may be recorded by any person in attendance by means of a tape recorder or any other means of sonic reproduction, except when a meeting is closed pursuant to §30-4-70 of this chapter, provided that in so recording there is no active interference with the conduct of the meeting. Provided, further, that the public body shall not be required to furnish recording facilities or equipment.

§30-4-100. Injunctive Relief; Costs and Attorney's Fees.

(a) Any citizen of the State may apply to the circuit court for either or both a declaratory judgment and injunctive relief to enforce the provisions of this chapter in appropriate cases as long as such application is made no later than one year following the date on which the alleged violation occurs or one year after a public vote in public session, whichever comes later. The court may order equitable relief as it considers appropriate, and a violation of this chapter must be considered to be an irreparable injury for which no adequate remedy at law exists.

(b) If a person or entity seeking such relief prevails, he or it may be awarded reasonable attorney fees and other costs of litigation. If such person or entity prevails in part, the court may in its discretion award him or it reasonable attorney fees or an appropriate portion thereof.

§30-4-110. Penalties.

Any person or group of persons who willfully violates the provisions of this chapter shall be deemed guilty of a misdemeanor and upon conviction shall be fined not more than one hundred dollars or imprisoned for not more than thirty days for the first offense, shall be fined not more than two hundred dollars or imprisoned for not more than sixty days for the second offense and shall be fined three hundred dollars or imprisoned for not more than ninety days for the third or subsequent offense.

FOREWORD

With the advent of the *1975 Home Rule Act* by the South Carolina General Assembly, a Code of Ordinances was prepared by the Municipal Association of South Carolina for the Town of North, South Carolina. The code was adopted by the Mayor and Council and members at that time were Mayor M. E. Livingston, Mayor Pro Tem Bill Mack, J. E. Hendrix and Paul Inabinett. No official date of adoption of said code was indicated in the document.

Since that time various ordinances have been adopted by Council, and, apparently, no effort has been made to codify them as required by §5-7-290 of the State of South Carolina 1976 Code of Laws. In view of this, the Mayor and Council entered into a Memorandum of Agreement with the publishers of this code in order to bring the code current.

That action was necessary to ensure that all ordinances adopted and not codified since the adoption of the original code have now been codified. All ordinances not contained herein have been repealed, except specific ones that are set forth in the ordinance adopting this revision. They also are enumerated in Appendix D of this document for easy reference.

Several appendices and one exhibit have been included in the code. They are:

Appendix A. The South Carolina *Freedom of Information Act*.

Appendix B. Mayor-Council form of government.

Appendix C. Sample ordinance when amending this code.

Appendix D. Ordinances not repealed by this code.

Exhibit 1. *Schedule of Rates and Fees*.

It is the desire of the Mayor and Council that the user of this code will find it user-friendly, and any questions should be addressed to the Mayor, any member of Council or to the Town Clerk-Treasurer.

THE MAYOR AND COUNCIL
NORTH, SOUTH CAROLINA

NORTH TOWN CODE

HOW TO USE THIS CODE

This code is a complete revision of all ordinances of the town. Editor's Notes are shown at the beginning or end of chapters, sections or paragraphs, to provide a cross-reference to relevant state statutes and town ordinances. Generally accepted municipal practices have been inserted in some instances.

1. Unless otherwise noted, all South Carolina Code references apply to the 1976 Code of Laws of South Carolina, as amended. Thus, a reference such as (1976 SC Code §5-7-30) means Title 5, Chapter 7, Section 30 of the 1976 South Carolina Code of Laws.

2. Local ordinances have been referenced to either the number of the ordinance and/or date of adoption, when available. For example, an arbitrary reference such as (Ord. #30. 5-8-04) or (Ord. 5-8-04) means the number and date or date of adoption of that particular ordinance, respectively. For ordinances without a number, the date of adoption is used.

3. a. When NQ is used as a reference, it refers to the North Questionnaire completed by the town prior to the recodification of this code. Example: (NQ 4) means question #4 on the questionnaire.

b. When NTC is used as a reference, it shall mean the Code of Ordinances adopted by the Mayor and Council following the adoption of the 1975 *Home Rule Act* by the South Carolina General Assembly.

4. Future ordinances should have numbers assigned, to facilitate the identity of ordinances in future supplements and to provide easy reference to them when subsequently codified.

SECTION 9. If any chapter, article, section or subsection, sentence, clause or phrase of this code is for any reason declared to be unconstitutional or invalid by a court of competent jurisdiction, such declaration shall not affect the validity of the remaining portions hereof.

SECTION 10. All ordinances or parts of ordinances in conflict with this code, to the extent of such inconsistency, are hereby repealed; provided, however, that all ordinances pertaining to annexation; assessments; bonded indebtedness; budgets; buildings; business licenses; contracts; franchises; grant agreements; leases; loans; options; planning and zoning; property conveyances; sale, lease or contract to sell lands; subdivision plats; and tax levies and other charges are not repealed; that the repeal of these would be contrary to and inconsistent with the intent of this ordinance. They shall continue in full force and effect and are not repealed.

SECTION 11. This ordinance shall become effective upon its final adoption on second reading.

CHAPTER 3. ANIMALS. FOWL

Editor's Note. This chapter derives from NTC Title 6 and an ordinance adopting the animal and fowl ordinances of Orangeburg County.

ARTICLE I. IN GENERAL

3.101. DEFINITIONS.

The following words, terms and phrases when used in this chapter, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

Animal/litter control officer means the person appointed by county administrator to serve at the will of the administrator, with the duties and powers described in this chapter.

Animal shelter means any premises designated by the county council for the purpose of impounding, caring for or destroying animals held under the terms of this chapter.

Animals means all mammals of the order carnivore, four (4) months or more of age. This includes dogs, cats and other related carnivorous animals.

County means the unincorporated area of the county and any municipality which may have entered into a contract with the county council in payment for animal control services to be rendered to the municipality and which shall have adopted appropriate legislation to that effect.

Dangerous animals means, for purposes of this chapter, if the following conditions exist in any situation, an animal shall be considered a dangerous animal within the meaning of this chapter when:

1. Running at large off the premises of its owner.
2. It's owner is not personally present to exercise control or management, or if present is not able to or fails to exercise control or management.
3. It exhibits wildness, or anger, or fierceness, or hostility by snarling and the baring of teeth, or the bristling of hair.

4. It has snapped at, or charged at or darted at in a threatening manner, or chased, or attacked, or threatened to attack, any person, cattle, horse, hog, mule, goat, sheep or domestic fowl.

If all of the foregoing conditions exist in the same situation, the animal shall be considered a dangerous animal within the terms of this chapter even if the animal has identification of ownership and a rabies tag.

Diseased animal means any animal which is afflicted with a disease which may adversely affect the health of man or another animal.

Euthanize means to put to death in a humane manner.

Farmer means the owner or lessee of land used to produce an agricultural crop or to manage livestock for marketing.

Owner means any person who:

1. Has a right of property in an animal;
2. Keeps an animal or has it in care or acts as its custodian; or
3. Permits a pet or animal to remain on or about the premises owned or leased by that person.

Impounded or impoundment means the act of receiving into custody by enforcement officers of any animal for confinement within the animal shelter.

Nuisance animal means an animal that does excessive, continuous, or untimely barking; which molests passerby; habitually attacks other domesticated animals; trespasses upon school grounds or trespasses upon private property in such a manner as to damage the property.

Running at large means being off of property in possession of the owner of the animal and not under the physical control of the owner by means of a leash or other restraining device.

Stray animal means an animal running at large which has no known owner, and no owner identification tag as required by this chapter.

Under restraint means an animal which is accompanied by its owner and under the physical control of the owner by means of a leash or other restraining device, or under the active control of the owner or trainer while hunting or being trained and while on property of the owner or with the property owner's permission.

Vicious animal means any animal:

1. Evidencing an abnormal inclination to attack persons or animals without Provocation (S. C. Code 1976, §47-3-10); or
2. Having tendency to do any act that might endanger safety of persons and property of others in a given situation.

The owner of an animal is deemed to have knowledge of its vicious or dangerous disposition. An animal is not entitled to one (1) bite.

3.102. IDENTIFICATION TAG OR PLATE REQUIRED.

Every owner is required to ensure that an identification tag or plate is securely fastened to the animal's collar or harness. The tag or plate will clearly indicate the name and address of the owner and must be worn by the animal at all times. An animal running at large without such identification shall be deemed abandoned by its owner, and a potential public nuisance.

3.103. IMPOUNDMENT OF ANIMALS RUNNING AT LARGE WITHOUT IDENTIFICATION COLLARS OR RABIES TAGS.

Any animal running at large which has no identification collar or rabies tag as required by this chapter shall be deemed as abandoned property as to which the county may assert a paramount interest as the health, safety and protection of the public. The county may take title to such animals, by and through the animal/litter control officers, may impound such animals and give owners a chance to redeem or destroy or authorize destruction of such animals according to this chapter or state law.

3.104. INVESTIGATION AND ENFORCEMENT AS TO NONDANGEROUS STRAYS.

Any person who may be bothered or disturbed by the repeated presence on their property of any nuisance animal belonging to another and not a dangerous animal as defined under S. C. Code 1976, §47-3-710 et seq., may call or go to the animal/litter control officer and report the circumstances and information concerning the complaint. The animal/litter control officer shall make such investigation, as he may deem sufficient.

3.105. SEARCH WARRANT TO ENTER PREMISES. REMOVAL OF ANIMALS.

The animal/litter control officers may obtain a search warrant to enter any premises upon which there is probably cause to believe that violation of this chapter exists. The animal/litter control officer may then demand to examine such animal and take possession of the animal, when, in the animal/litter control officer's opinion, it requires removal from the premises and a violation of this chapter has occurred.

3.106. CRUELTY AND ABANDONMENT.

The animal/litter control officer shall investigate all complaints of cruelty to or abandonment of animals pursuant to the laws of the state and shall take lawful action to stop such cruelty or abandonment.

3.107. REMOVAL OF IDENTIFICATION AND RABIES TAGS PROHIBITED.

It shall be unlawful in the county for any person to remove the identification or the current rabies tag from an animal as provided for in this chapter. The assertion that someone other than the owner removed such tags shall not be a defense to any action or procedure under this chapter, the owner being deemed hereunder absolutely responsible for attachment of the tags.

3.108. ANIMALS IN HEAT.

The owner of a female animal in heat shall keep the animal in a building or enclosure or in a veterinary hospital or kennel so as not to create a nuisance by attracting other animals.

3.109. UNLAWFUL ACTS.

It shall be unlawful for any animal owner or other keeper of an animal to:

1. Allow his animal to run at large off of property owner, rented or controlled by him with the exception of hunting dogs in pursuit of game which originated on property owned, rented or controlled by him.

3. Release or take out of impoundment without proper authority any animal or resist county animal control personnel engaging in the capture and impoundment of an animal.
4. Release a hunting dog in such a manner so as such dog is more likely to hunt on property not owned, rented or controlled by him.

3.110. RESTRAINT.

The owner shall keep his animal under reasonable restraint at all times. It shall be unlawful for an owner or keeper of any dog, licensed or unlicensed, to permit the dog to leave or to be beyond the premises upon which the dog is usually kept, except when accompanied and controlled by the owner or keeper and secured by means of a collar or harness, with a chain or leash attached thereto and held by the owner, keeper or person in charge of the animal. No animal shall be permitted to be on school grounds or in shopping areas or similar public places unless on a leash or "at heel" at all times.

3.111. NUISANCE.

It shall be unlawful for any owner to fail to exercise proper care and control of his animal to prevent such animal from becoming a public nuisance.

3.112. ABANDONED, UNCLAIMED ANIMALS.

It shall be unlawful for the owner of any animal in the county to abandon such animal. If any animal is unclaimed as provide for in this section it may be disposed of pursuant to the regulations existing at the animal shelter.

3.113. DISEASED ANIMALS.

No animals afflicted with a contagious disease shall be allowed to run at large or to be exposed in any public place whereby the health of any person or animals may/might be affected, nor shall such an animal be shipped or removed from the premises of the owner except under the supervision of the animal/litter control officer of the county.

3.114. REPORTING A VIOLATION.

Any citizens reporting a violation of this chapter must identify himself to the animal/litter control officer or public works department and must sign a nuisance violation report if the violation is a nuisance.

3.403. NOTICE TO OWNERS.

Animals impounded pursuant to this chapter shall be kept at a designated animal shelter. 8.404. AWARD TO LOWEST BIDDER. ADVERTISING. WHEN REQUIRED.

All contracts for town improvements, materials, equipment or services costing more than five thousand dollars (\$5,000.00) shall be awarded to the lowest responsible bidder after publication in a newspaper of general circulation in the town at least five (5) days before the last day set for receipt of proposals; provided, however, that in case of professional services, this section shall not apply. The newspaper notice required herein shall include a general description of the articles or services to be purchased, shall state where bid blanks and specifications may be secured and the time and place for opening bids.

8.405. BID DEPOSITS.

When deemed necessary by the purchasing agent, bid deposits shall be prescribed in the public notices inviting bids. Upon entering into a contract, bidders shall be entitled to return of bid deposit where the purchasing agent has required such. A successful bidder shall forfeit any bid deposit required by the purchasing agent upon failure on his part to enter into a contract within ten (10) days after the award; provided, however, that the town, in its uncontrolled discretion, may waive this forfeiture.

8.406. SEALED BID PROCEDURES.

Procedure for sealed bids shall be as follows:

1. *Sealing.* Bids shall be submitted to the purchasing agent securely sealed in an envelope, and shall be identified on the envelope in accordance with bid instructions.

2. *Opening.* Bids shall be opened in public at the time and place stated in the public notices.

3. *Tabulation.* A tabulation of all bids received shall be available for public inspection.

4. *Rejection of bids.* The purchasing agent shall have the authority to reject all bids, parts of all bids, or all bids for any one or more supplies or contractual services included in the proposed contract, when the public interest will be served thereby.

5. *Bidders in default to town.* The purchasing agent shall not accept the bid of a vendor or contractor who is delinquent in the payment of taxes, license, or other monies due the town.

6. *Award of contract.*

(a) *Authority in agent.* The purchasing agent shall have the authority to award contracts within the purview of this article; provided, however, that contracts in excess of one thousand dollars (\$1,000.00) shall not be awarded without prior approval of Council.

(b) *Lowest responsible bidder.* Contracts shall be awarded to the lowest responsible bidder. In determining "lowest responsible bidder," in addition to price, the purchasing agent shall consider:

(1) the ability, capacity and skill of the bidder to perform the contract or provide the service required;

(2) whether the bidder can perform the contract or provide the service promptly, or within the time specified, without delay or interference;

(3) the character, integrity, reputation, judgment, experience and efficiency of the bidder;

(4) the quality of performance of previous contracts or services;

(5) the previous and existing compliance by the bidder with the laws and ordinances relating to the contract or services;

(6) The sufficiency of the financial resources and ability of the bidder to perform the contract or provide the service;

(7) the quality, availability and adaptability of the supplies or contractual services to the particular use required;

(8) the ability of the bidder to provide future maintenance and service for the use of the subject of the contract; and'

(8) the number and scope of conditions attached to the bid.

7. *Award to other than low bidder.* When the award is not given to the lowest bidder, a full and complete statement of the reasons for placing the order elsewhere shall be prepared by the purchasing agent and filed with the papers relating to the transaction and held for a period of not less than twelve (12) months.

8. *Tie bids. Local vendors.* If all bids received are for the same total amount or unit price, quality and service being equal, the contract shall be awarded to the local bidder. If two (2) or more of such bids are submitted by local bidders, the purchasing agent shall award the contract to one of the local tie bidders by drawing lots in public. The purchasing agent, local bidders, and vendors should bear in mind, however, that to award a contract to a local vendor where he is not the lowest responsible bidder, or where price, quality and service are not equal, is to give preference to one minute segment of the citizenry against the best interest of the community as a whole.

9. *Performance bonds.* The purchasing agent shall have authority to require a performance bond, before entering into a contract, in such form and amount as he shall find reasonably necessary to protect the best interest of the town.

10. *Payment bond labor and material bond.* The purchasing agent may require a payment bond and a labor and material bond, before entering into a contract, in such form and amount as he shall deem necessary to protect the best interest of the town.

8.407. MATERIALS TESTING.

The purchasing agent shall have the authority to require chemical and physical tests of samples submitted with bids and samples of deliveries which are necessary to determine their quality and conformance with the specifications. In the performance of such tests, the purchasing agent shall have the authority to make use of laboratory facilities of any agency of the town government or any outside laboratory.

8.408. FINANCIAL INTEREST OF TOWN OFFICIALS AND EMPLOYEES PROHIBITED.

No member of the Town Council or any officer or employee of the town shall have a financial interest in any contract or in the sale to the town or to a contractor supplying the town of any land or rights or interests in any land, material, supplies or services; except when a majority of the Town Council determines such exception is in the best interest of the town, provided, that no Council member whose interest is involved shall vote on the question. Any willful violation of this section shall constitute malfeasance in office, and any officer or employee of the town found guilty thereof shall thereby forfeit his office or position. Any violation of this section with the knowledge, express or implied, of the person or corporation contracting with the town shall render the contract voidable by the Town Council.

(Editor's Note. This section derives from an ordinance adopted August 18, 1998.)

8.409. RECORDS OF OPEN MARKET ORDERS AND BIDS.

The purchasing agent shall keep a record of all open market orders and the bids submitted in competition thereon, and such records shall also be open to public inspection.

8.410. STOCK REPORTS.

All offices, departments or agencies of the town government shall submit to the purchasing agent, at such times and in such form as he shall prescribe, reports showing stocks of all supplies which are no longer used or which have become obsolete, worn-out or scrapped.

8.411. SURPLUS STOCK.

The purchasing agent shall have authority to transfer surplus stock to other offices, departments or agencies of the town.

8.412. SUPPLIES UNSUITABLE FOR PUBLIC USE, SALE OR EXCHANGE.

The purchasing agent shall have the authority to sell all supplies which have become unsuitable for public use, or to exchange the same for, or trade in the same on, new supplies. Such sales shall be made to the highest bidder and in conformance with §8.402, this chapter. All monies received from such sales shall be paid into the appropriate fund of the town.

8.413. GIFTS AND REBATES.

The purchasing agent and every officer and employee of the town are expressly prohibited from accepting, directly or indirectly, any person, company, firm or corporation to which any purchase order or contract is, or might be awarded, any rebate, gift, money or anything of value whatsoever, except where given for the use and benefit of the town.

8.414. COOPERATIVE PURCHASING.

The purchasing agent shall have authority to join with other units of government in cooperative purchasing plans when the best interests of the town would be served thereby; provided that the purchasing agent of the town is given the authority to make purchases of supplies and equipment through the property division of the state budget and control board, without the formality of publication and receiving competitive bids.

8.415. WAIVER.

The Mayor and Council, by a majority vote, may waive any provision of this article when deemed in the best interest of the town. Factors to be considered may include available sources, the time and place of performance and other relevant circumstances making the use of competitive bidding inappropriate. Nothing in this article is intended to authorize letting contract without competitive bids when state law requires such bids.

It shall be located in an area approved by the Planning Commission and operated under an unrevoked permit duly issued by the State DHEC and duly licensed by the town.

b. It shall further be unlawful for any person to occupy a mobile home for sleeping or dwelling purposes while it is parked on any premises within the corporate limits. Except where it is located in a designated mobile home park.

c. It shall be unlawful for any person to place or park a mobile home on premises in the corporate limits for sleeping or dwelling purposes, after it has been partly dismantled by having the wheels or jacks, or skirtings, or any of them, removed therefrom and other supports placed thereunder. It shall be unlawful for any person to occupy or use any such partially dismantled mobile home for sleeping or dwelling purposes where so placed or parked in the corporate limits. This section shall not apply to mobile homes that are placed or parked in designated mobile home parks, as is provided for in this section.

An Ordinance adopted June 13, 1988 was entered into the Town Code as Supplement No. 1, 12-87. The ordinance provided for a Sewer Use Ordinance, as required by DHEC. Due to its technical provisions, and with other technical ordinances, the Sewer Use Ordinance is not reproduced herein; rather, it has been incorporated in the code as Chapter 21. It is not rescinded but is referenced for further study.

This chapter includes every-day provisions for use of the sewer and water utilities. Where possible, certain provisions the Sewer Use Ordinance have been included; otherwise, the editors have provided many sections from other municipalities that have been found by them to be most helpful.

Since the current code provided for the creation of a water and sewer department, the creation is not reproduced in this code; however, the provision for the combination and functions of the departments are reiterated for information purposes.

(c) "Public record" includes all books, papers, maps, photographs, cards, tapes, recordings, or other documentary materials regardless of physical form or characteristics prepared, owned, used in the possession of, or retained by a public body. Records such as income tax returns, medical records, hospital medical staff reports, scholastic records, adoption records, records related to registration, and circulation of library materials which contain names or other personally identifying details regarding the users of public, private, school, college, technical college, university, and state institutional libraries and library systems, supported in whole or in part by public funds or expending public funds, or records which reveal the identity of the library patron checking out or requesting an item from the library or using other library services, except nonidentifying administrative and statistical reports of registration and circulation, and other records which by law are required to be closed to the public are not considered to be made open to the public under the provisions of this act. Nothing herein authorizes or requires the disclosure of those records where the public body, prior to January 20, 1987, by a favorable vote of three-fourths of the membership, taken after receipt of a written request, concluded that the public interest was best served by not disclosing them. Nothing herein authorizes or requires the disclosure of records of the Board of Financial Institutions pertaining to applications and surveys for charters and branches of banks and savings and loan associations or surveys and examinations of the institutions required to be made by law.

(d) "Meeting" means the convening of a quorum of the constituent membership of a public body, whether corporal or by means of electronic equipment, to discuss or act upon a matter over which the public body has supervision, control, jurisdiction or advisory power.

(e) "Quorum" unless otherwise defined by applicable law means a simple majority of the constituent membership of a public body.

§30-4-30. Right to inspect or copy public records; fees; notification as to public availability of records.

(a) Any person has a right to inspect or copy any public record of a public body, except as otherwise provided by §30-4-40, in accordance with reasonable rules concerning time and place of access.

(b) The public body may establish and collect fees not to exceed the actual cost of searching for or making copies of records. Fees charged by a public body must be uniform for copies of the same record or document. However, members of the General Assembly may receive copies of records or documents at no charge from public bodies when their request relates to their legislative duties. Such records shall be furnished at the lowest possible cost to the person requesting the records. Records shall be provided in a form that is both convenient and practical for use by the person requesting copies of the records concerned, if it is equally convenient for such public body to provide the records in such form. Documents may be furnished when appropriate without charge or at a reduced charge where the agency determines that waiver or reduction of the fee is in the public interest because furnishing the information can be considered as primarily benefiting the general public. Fees shall not be charged for examination and review to determine if such documents are subject to disclosure. Nothing in this chapter shall prevent the custodian of the public records from charging a reasonable hourly rate for making records available to the public nor requiring a reasonable deposit of such costs prior to searching for or making copies of the records.

(c) Each public body, upon written request for records made under this chapter, shall within fifteen days (excepting Saturdays, Sundays, and legal public holidays) of the receipt of any such request notify the person making such request of its determination and the reasons therefor. Such a determination shall constitute the final opinion of the public body as to the public availability of the requested public record and, if the request is granted, the record must be furnished or made available for inspection or copying. If written notification of the determination of the public body as to the availability of the requested public record is neither mailed nor personally delivered to the person requesting the document within the fifteen days allowed herein, the request must be considered approved.

(d) The following records of a public body must be available for public inspection and copying during the hours of operations of the public body without the requestor being required to make a written request to inspect or copy the records when the requestor appears in person:

- (1) minutes of the meetings of the public body for the preceding six months;
- (2) all reports identified in Section 30-4-50(A)(8) for at least the fourteen-day period before the current day; and
- (3) documents identifying persons confined in any jail, detention center, or prison for the preceding three months.

§30-4-40. Disclosures.

(a) A public body may but is not required to disclose the following information.

(1) Trade secrets, which are defined as unpatented, secret, commercially valuable plans, appliances, formulas, or processes, which are used for the making, preparing, compounding, treating, or processing of articles or materials which are trade commodities obtained from a person and which are generally recognized as confidential; and work products, in whole or in part collected or produced for sale or resale, and paid subscriber information. Trade secrets also include, for those public bodies who market services or products in competition with others, feasibility, planning, and marketing studies, and evaluations and other materials which contain references to potential customers, competitive information, or evaluation.

(*) All materials, regardless of form, gathered by a public body during a search to fill an employment position, except that materials relating to not fewer than the final three applicants under consideration for a position must be made available for public inspection and copying. In addition to making available for public inspection and copying the materials described in this item, the public body must disclose, upon request, the number of applicants considered for a position. For the purpose of this item 'materials relating to not fewer than the final three applicants' do not include an applicants income tax returns, medical records, social security number, or information otherwise exempt from disclosure by this section.

(B) Any data, records, or information developed collected, or received by or on behalf of faculty, staff, employees, or students of a state institution of higher education or any public or private entity supporting or participating in the activities of a state institution of higher education in the conduct of or as a result of study or research on medical, scientific, technical, scholarly, or artistic issues, whether sponsored by the institution alone or in conjunction with a governmental body or private entity until the information is published, patented, otherwise publicly disseminated, or released to an agency whereupon the request must be made to the agency. (2) Information of a personal nature where the public disclosure thereof would constitute unreasonable invasion of personal privacy. This provision must not be interpreted to restrict access by the public and press to information contained in public records.

(3) Records of law enforcement and public safety agencies not otherwise available by law that were compiled in the process of detecting and investigating crime if the disclosure of the information would harm the agency by:

- (A) Disclosing identity of informants not otherwise known;

- (D) By endangering the life, health, or property of any person.

(C) confidential proprietary information provided to a public body for economic development or contract negotiations purposes is not required to be disclosed.

(6) All compensation paid by public bodies except as follows:

- (A) For those persons receiving compensation of fifty thousand dollars or more annually, for all part-time employees, for any other persons who are paid honoraria or other compensation for special appearances, performances or the like, and for employees at the level of agency or department head, the exact compensation of each person or employee;

- (C) For classified employees not subject to item (A) above who receive compensation of thirty thousand dollars or less annually, the salary schedule showing the compensation range for that classification including longevity steps, where applicable;
- (D) For unclassified employees, including contract instructional employees, not subject to item (A) above who receive compensation of thirty thousand dollars or less annually, the compensation level within a range of four thousand dollars, such ranges to commence at two thousand dollars and increase in increments of four thousand dollars.
- (E) For purposes of this subsection (6), "agency head" or "department head" means any person who has authority and responsibility for any department, of any institution, board, commission, council, division, bureau, center, school, hospital, or other facility that is a unit of a public body.

(7) Correspondence or work product of legal counsel for a public body and any other material that would violate attorney-client relationships.

(8) Memoranda, correspondence, and working papers in the possession of individual members of the General Assembly or their immediate staffs; however, nothing herein may be construed as limiting or restricting public access to source documents or records, factual data or summaries of factual data, papers, minutes, or reports otherwise considered to be public information under the provisions of this Chapter and not specifically exempted by any other provisions of this Chapter.

(9) Memoranda, correspondence, documents, and working papers relative to efforts or activities of a public body to attract business or industry to invest within South Carolina.

(10) Any standards used or to be used by the South Carolina Revenue and Taxation for the selection of returns for examination, or data used or to be used for determining such standards, if the Commission determines that such disclosure would seriously impair assessment, collection, or enforcement under the tax laws of this State.

(11) Information relative to the identity of the maker of a gift to a public body if the maker specifies that his making of the gift must be anonymous and that his identity must not be revealed as a condition of making the gift. For the purposes of this item, "gift to a public body" includes, but is not limited to, gifts to any of the state-supported colleges or universities and museums. With respect to the gifts, only information which identifies the maker may be exempt from disclosure. If the maker of any gift or any member of his immediate family has any business transaction with the recipient of the gift within three years before or after the gift is made, the identity of the maker is not exempt from disclosure.

(b) If any public record contains material which is not exempt under subsection (a) of this section, the public body shall separate the exempt and nonexempt material available in accordance with the requirements of this Chapter.

§30-4-50. Certain matters declared public information.

a. Without limiting the meaning of other Sections of this Chapter, the following categories of information are specifically made public information subject to the restrictions and limitations of §30-4-20, §30-4-40 and §30-4-70 of this Chapter:

(1) The names, sex, race, title and dates of employment of all employees and officers of public bodies;

(2) Administrative staff manuals and instructions to staff that affect a member of the public;

(3) Final opinions, including concurring and dissenting opinions, as well as orders, made in the adjudication of cases;

(4) Those statements of policy and interpretations of policy, statute and the Constitution which have been adopted by the public body;

(5) Written planning policies and goals and final planning decisions;

(6) Information in or taken from any account, voucher or contract dealing with the receipt or expenditure of public or other funds by public bodies;

(7) The minutes of all proceedings of all public bodies and all votes at such proceedings, with the exception of all such minutes and votes taken at meetings closed to the public pursuant to 30-4-70;

(8) Reports which disclose the nature, substance, and location of any crime or alleged crime reported as having been committed. Where a report contains information exempt as otherwise provided by law, the law enforcement agency may delete that information from the report.

(9) Statistical and other empirical findings considered by the Legislative Audit Council in the development of an audit report.

b. No information contained in a police incident report or in an employee salary schedule revealed in response to a request pursuant to this chapter may be utilized for commercial solicitation. Also, the home addresses and home telephone numbers of employees and officers of public bodies revealed in response to a request pursuant to this chapter may not be utilized for commercial solicitation. However, this provision must not be interpreted to restrict access by the public and press to information contained in public records.

§30-4-60. Meetings of public bodies shall be open.

Every meeting of all public bodies shall be open to the public unless closed pursuant to §30-4-70 of this Chapter.

§30-4-70. Meetings which may be closed; procedure; circumvention of chapter; disruption of meeting; executive sessions of General Assembly.

(a) A public body may hold a meeting closed to the public for one or more of the following reasons:

(1) Discussion of employment, appointment, compensation, promotion, demotion, discipline, or release of an employee, a student, or a person regulated by a public body or the appointment of a person to a public body; however, if an adversary hearing involving the employee or client is held, the employee or client has the right to demand that the hearing be conducted publicly. Nothing contained in this item shall prevent the public body, in its discretion, from deleting the names of the other employees or clients whose records are submitted for use at the hearing.

(2) Discussion of negotiations incident to proposed contractual arrangements and proposed sale or purchase of property, the receipt of legal advice, where the legal advice related to a pending, threatened or potential claim or other matters covered by the attorney-client privilege, settlement of legal claims, or the position of the public agency in other adversary situations involving the assertion against said agency of a claim.

(3) Discussion regarding the development of security personnel or devices.

(4) Investigative proceedings regarding allegations of criminal misconduct.

(5) Discussion of matters relating to the proposed location, expansion, or the provision of services encouraging location or expansion of industries or other businesses in the area served by the public body.

(6) Before going into executive session the public agency shall vote in public on the question and when such vote is favorable the presiding officer shall announce the specific purpose of the executive session. As used in this subsection, "specific purpose" means a description of the matter to be discussed as identified in items (1) through (5) of subsection (a) of this section. However, when the executive session is held pursuant to §30-4-70 (a)(1) or §30-4-70(a)(5), the identity of the individual or entity being discussed is not required to be disclosed to satisfy the requirement that the specific purpose of the executive session to be stated. No action may be taken in executive session except (a) to adjourn or (b) to return to public session. The members of a public body may not commit the public body to a course of action by a polling of members in executive session.

(b) No chance meeting, social meeting, or electronic communication may be used in circumvention of the spirit of requirements of this chapter to act upon a matter over which the public body has supervision, control, jurisdiction, or advisory power.

(c) This chapter does not prohibit the removal of any person who willfully disrupts a meeting to the extent that orderly conduct of the meeting is seriously compromised.

(d) Sessions of the General Assembly may enter into executive sessions authorized by the Constitution of this State and rules adopted pursuant thereto.

§30-4-80. Notice of Meeting of Public Bodies.

(a) All public bodies, except as provided in subsections (b) and (c) of this section, must give written public notice of their regular meetings at the beginning of each calendar year. The notice must include the dates, times, and places of such meetings. Agendas, if any, for regularly scheduled meetings must be posted on a bulletin board at the office or meeting place of the public body at least twenty-four hours prior to such meetings. All public bodies must post on such bulletin board public notice for any called, special, or rescheduled meetings. Such notice must be posted as early as is practicable but not later than twenty-four hours before the meeting. The notice must include the agenda, date, time, and place of the meeting. This requirement does not apply to emergency meetings of public bodies.

(b) Legislative committees must post their meeting times during weeks of the regular session of the General Assembly and must comply with the provisions for notice of special meetings during those weeks when the General Assembly is not in session. Subcommittees of standing legislative committees must give notice during weeks of the legislative session only if it is practicable to do so.

(c) Subcommittees, other than legislative subcommittees, of committees required to give notice under subsection (a), must make reasonable and timely efforts to give notice of their meetings.

(d) Written public notice must include but need not be limited to posting a copy of the notice at the principle office of the public body holding the meeting or, if no such office exists, at the building in which the meeting is to be held.

(e) All public bodies shall notify persons or organizations, local news media, or such other news media as may request notification of the times, dates, places, and agenda of all public meetings, whether scheduled, rescheduled, or called, and the efforts made to comply with this requirement must be noted in the minutes of the meetings.

§30-4-90. Minutes of Meetings of Public Bodies.

(a) All public bodies shall keep written minutes of all of their public meetings. Such minutes shall include but need not be limited to:

(1) The date, time, and place of the meeting.

(2) The members of the public body recorded as either present or absent.

(3) The substance of all matters proposed, discussed or decided and, at the request of any member, a record, by an individual member, of any votes taken.

(4) Any other information that any member of the public body requests be included or reflected in the minutes.

(b) The minutes shall be public records and shall be available within a reasonable time after the meeting except where such disclosures would be inconsistent with §30-4-70 of this chapter.

(c) All or any part of a meeting of a public body may be recorded by any person in attendance by means of a tape recorder or any other means of sonic reproduction, except when a meeting is closed pursuant to §30-4-70 of this chapter, provided that in so recording there is no active interference with the conduct of the meeting. Provided, further, that the public body shall not be required to furnish recording facilities or equipment.

§30-4-100. Injunctive Relief; Costs and Attorney's Fees.

(a) Any citizen of the State may apply to the circuit court for either or both a declaratory judgment and injunctive relief to enforce the provisions of this chapter in appropriate cases as long as such application is made no later than one year following the date on which the alleged violation occurs or one year after a public vote in public session, whichever comes later. The court may order equitable relief as it considers appropriate, and a violation of this chapter must be considered to be an irreparable injury for which no adequate remedy at law exists.

(b) If a person or entity seeking such relief prevails, he or it may be awarded reasonable attorney fees and other costs of litigation. If such person or entity prevails in part, the court may in its discretion award him or it reasonable attorney fees or an appropriate portion thereof.

§30-4-110. Penalties.

Any person or group of persons who willfully violates the provisions of this chapter shall be deemed guilty of a misdemeanor and upon conviction shall be fined not more than one hundred dollars or imprisoned for not more than thirty days for the first offense, shall be fined not more than two hundred dollars or imprisoned for not more than sixty days for the second offense and shall be fined three hundred dollars or imprisoned for not more than ninety days for the third or subsequent offense.

APPENDIX B

Editor's Note. The following is a sample ordinance to illustrate one way of amending this code. The amended section has been chosen arbitrarily, as an example only, and it is not to be considered as official action.

On the following pages, additional suggestions are listed for the guidance and convenience of municipal officials when ordinances are to be considered.

All ordinances are required, by this code, to be numbered. They should either be an amendment to this code, or a new section/chapter to be added.

SAMPLE ORDINANCE FORM

SAMPLE ORDINANCE FORM

ORDINANCE NO. _____

AN ORDINANCE ENTITLED

CHANGE IN TIME OF REGULAR COUNCIL MEETINGS

BE IT ORDAINED BY THE MAYOR AND COUNCIL OF THE TOWN OF NORTH, SOUTH CAROLINA:

SECTION 1. Section 2.201 of the Town Code is hereby amended by rescinding the time authorized for regular Council meetings (7:30 p.m.) and inserting in lieu thereof "1:30 p.m.," so that when amended the time for regularly scheduled meetings of Council shall be 1:30 p.m.

(THIS IS SAMPLE WORDING ONLY)

SECTION 2. All ordinances or parts of ordinances, in conflict herewith are, to the extent of such conflict, hereby repealed.

(THIS PARAGRAPH CANCELS ANY CONFLICTING ORDINANCES.)

SECTION 3. Any chapter, article, section or subsection, sentence, clause or phrase of this ordinance is for any reason declared to be unconstitutional or invalid by a court of competent jurisdiction, such declaration shall not affect the validity of the remaining portions hereof.

(THIS PARAGRAPH LIMITS ANY RULING BY THE COURTS TO THE SPECIFIC SECTION TO WHICH THE RULING APPLIED.)

SECTION 4. This ordinance shall become effective upon its final adoption.

(ALL ORDINANCES MUST HAVE AN EFFECTIVE DATE.)

First Reading

W. Earl Jeffcoat, Mayor

Second Reading

Deborah S. Cook, Council Member

Paul Drew, Council Member

ATTEST:

Aubrey C. Gleaton, Council Member

Town Clerk

Harriett M. Lane, Council Member

(ALL ORDINANCES MUST HAVE TWO READINGS, AT LEAST SIX DAYS APART, AND MUST BE SIGNED BY THE MAYOR AND SIGNED AND ATTESTED BY THE MUNICIPAL CLERK.)

ADDITIONAL NOTES TO BE USED AS GUIDANCE FOR AMENDMENTS TO THIS CODE:

1. Some municipalities prefer to repeal the entire amended section and have it retyped in its entirety to avoid future confusion or misunderstanding as to the intent of Council. Others prefer the "short version," as above. This is especially true if the amended section is lengthy. Either way is local choice.
2. If a date other than that of second reading is to be the effective date, it should be inserted accordingly as a part of Section 3 (of the sample ordinance) or the appropriate section number in the amending ordinance. Example: "effective on July 1, 2004."
3. More space than that shown in the sample ordinance can be utilized between sections, the date of readings and the signatures of the Mayor and Administrator-Clerk to space it more aesthetically on the page.
4. Upon adoption of the ordinance, the original copy, with signatures, should be placed in the "*Book of Ordinances*" (as discussed in §2.203 of this code).
5. Also upon adoption, the official copy of the code should be amended accordingly and copies reproduced and distributed to the holders of the code and inserted in any extra copies that have not been distributed, to keep all copies current. The Clerk/Treasurer should retain a list of all persons to whom a code has been distributed so that they may receive copies of future amendments. Such amendments are called "Supplements."
6. When the code is amended, each change should be noted by Supplement number and date at the bottom of the amended page, left hand corner, to denote the change. Example: Supplement #1. 8-5-2004, Supplement #2. 10-1-2004, etc.
7. Such changes should be noted also in the general Table of Contents, Chapter Table of Contents and the Index, as appropriate. Maintaining a chronological list of all supplements in the "*Book of Ordinances*" by date of supplement will prove helpful for future reference.
8. For EMERGENCY ORDINANCES, see §2.211 of this code.
9. Amending or repealing ordinances should be noted on the original copy of the ordinance repealed or amended, as required by law and as codified in §2.204 of this code.
10. As to updating this code, some municipalities prefer to do so as amendments are made; others prefer doing so on a quarterly, semiannual or annual basis. This code requires, at a minimum, an annual update. If a different updating schedule is preferred, the requirement should be amended accordingly. (See §2.207 of this code.)
